Re: Volunteer Permanent Dismissal Notice

May 21, 2025

Dear Adam:

Effective immediately, you are permanently dismissed from WRFG Atlanta. This includes the termination of all of your broadcasting privileges, volunteer activities, and your representation of WRFG in any capacity.

This decision follows a thorough investigation by WRFG's Programming Committee in response to multiple complaints regarding your conduct and content on digital platforms.. The findings confirmed the presence of inappropriate and offensive online material associated with WRFG branding, as well as public actions and accusations that are inconsistent with WRFG's mission, values, and expectations of its airshifters and volunteers.

These behaviors have caused reputational harm and violated the standards of respect and responsibility that are essential to our community radio station. We appreciate your understanding as we continue to uphold the integrity of WRFG and its commitment to serving the public in a respectful and inclusive manner.

If you have any questions or wish to discuss this matter further, please contact us directly at operationscommittee@wrfg.org.

Sincerely,

Rodney Gibbs and Jackie Zepherin
Operations Committee Co-Chairs
